

Euro Machine Capabilities

Precision machining and supporting processes.

CNC Lathes

#1	Mazak QT-N200/250	13.780 in / 350 mm diameter
#2	Mazak QTN 250-II	"
#3	Mazak QTN 250	"
#4	Mazak QTN 250MYII	" Live tooling and 4 th milling axis
#5	Mazak QTN-350	16.540 in / 420 mm diameter,
#6	Mazak QTN 350MYII	" Live tooling and 4 th milling axis
#7	Mazak QT-350	"
#8	Mazak QTN 450M	Large 24"/600mm diameter capacity, 7.25"/185mm thru spindle, Steady Rest, Live tooling
#9	Okuma Genos L3000e	Small bar work, collet
#10	Okuma Genos L3000e	"

CNC milling Horizontal, All with 6 station pallets, 4th axis, spindle probing

#1	Okuma MB-5000H	30"/750mm box
#2	Okuma MB-5000H	30"/750mm box
#3	Okuma MB-6000H	39"/1000mm box, Large CAT50 tooling

CNC milling Vertical, all with spindle probing

#1	Mazak VTC-200B	
#2	HAAS VF-6B/40	
#3	Mazak VCN 510C-II	
#4	Mazak VCN-510C	
#5	Mazak VCN 700E-II	80"/2000mm capacity
#6	Mazak VTC 300C-II	4 th axis
#7	Mazak VTC 200C	
#8	Mazak VTC 200C-II	4 th axis
#9	Mazak VTC 800/30 SR	Large 118.11 in / 3000 mm machining travel. 5 axis
#10	Okuma 560	20"x40"
#11	Okuma 560	"
#12	Okuma 560	"

Wire EDM: Mitsubishi FA10, 4 axis, 8"/200mm height capacity

Part marking:

- #1-Mecco LEC1 20wLaser engraver
- #2-Mecco MC2000T dot peen engraver

Finishing: Vibratory Tumbling, Bead Blasting, Straightening

Welding: MIG, TIG

Sawing: Horizontal: Three saws including Clausing H2022NC Column saw, Vertical Bandsaw

Support equipment: Manual turning, milling, surface grinding

Inspection:

Mitutoyo 7106 CMM

Mitutoyo PH3550 Profile Projector

Tesa Hite 700 height gage

Mitutoyo Ceramic Gage Blocks

Design: Solidworks modelling, engineering services.

Inventory Storage: 9,000 square feet

Raw material: 6,000 square feet

Please contact us to hear more!

Michael Simard

Quality Manager
